

RFP 325263: ADDENDUM No. 3
Amendments/Changes/ Clarification
Project: 3400 S&T Collaboration Facility
Design/Build

RFP ISSUE DATE: January 15, 2016
CLOSING DATE, Step 1: February 5, 2016

RFP No. 325263 is hereby clarified with the following statements, questions and answers:

Questions and answers:

- Past experience requests projects that have been completed in the past three years, would you consider revising the time frame to projects that have been completed in the past five years?
Battelle Response: We are not changing the past experience time frame at this time.
- I noticed that there is only one other Prime bidding this project. I wanted to know if you intend to extend the due date or not to get more competition.
Battelle Response: Please note that although there is only 2 Prime Contractors listed on the “interested party” list on the ASP link for this RFP, there are a number of firms looking at this procurement. Submitting as an “interested party” on ASP is NOT a requirement, while Registering on the ASP as a qualified contractor IS. We will not know the level of participation until the Step 1 submittals are received. In reviewing the number of companies asking questions and making inquiries, we will have enough firms to demonstrate competition. There are No plans to extend the Step 1 date at this time.

*****Please Be Advised: This is the Final Addenda addressing questions for Step 1. No further questions received will be considered at this time. We look forward to your submissions for Step 1 on February 5th*****

*****END ADDENDUM #3*****

The above stated clarifications are the only changes being made at this time.

Failure to acknowledge receipt of this addendum with submittal of your Bid could be cause to reject your offer. All other requirements of the RFP remain as originally stated.

Thank you,

Garrett V. Hyatt
